3,305 tests conducted in the South

Positive (1682) **Negative (1379)** **N/A (243)** **Miss dates (51)**

* Because data shared for the North only includes negative results (1836), it has not been included here to avoid wrong perception of test positivity rate.

** N/A = Result not written in RT-PCR column in Taizz lab line list, and they write result in confirmatory test column

**HEALTH
CLUSTER**
YEMEN

- **Partners updates & challenges**

AOB

- Partners who received any funding are required to update the Health Cluster so that the FTS (Financial Tracking System) can be updated
- Regular health facility mapping
- Ad Hoc meeting for organization that intervene and will intervene in Mocha Hospital for more effective and efficient implementation avoiding duplication (WHO, DEEM, IMCI, WHO and Human appeal)
- FHI 365 Al-Wara'a intervention
- ADD Al Gashah Health Unit issue
- UNFPA TOT of the National guideline for reproductive health provider during COVID-19 for health workers in the west coast??
- WHO has recruited an Emergency specialist to train staff on triage and case management
- The implementation of Triage in every Health Facility
- IPC in every health Facility
-
